Bacteria, Fungi...

You have been outnumbered 1 to 10!

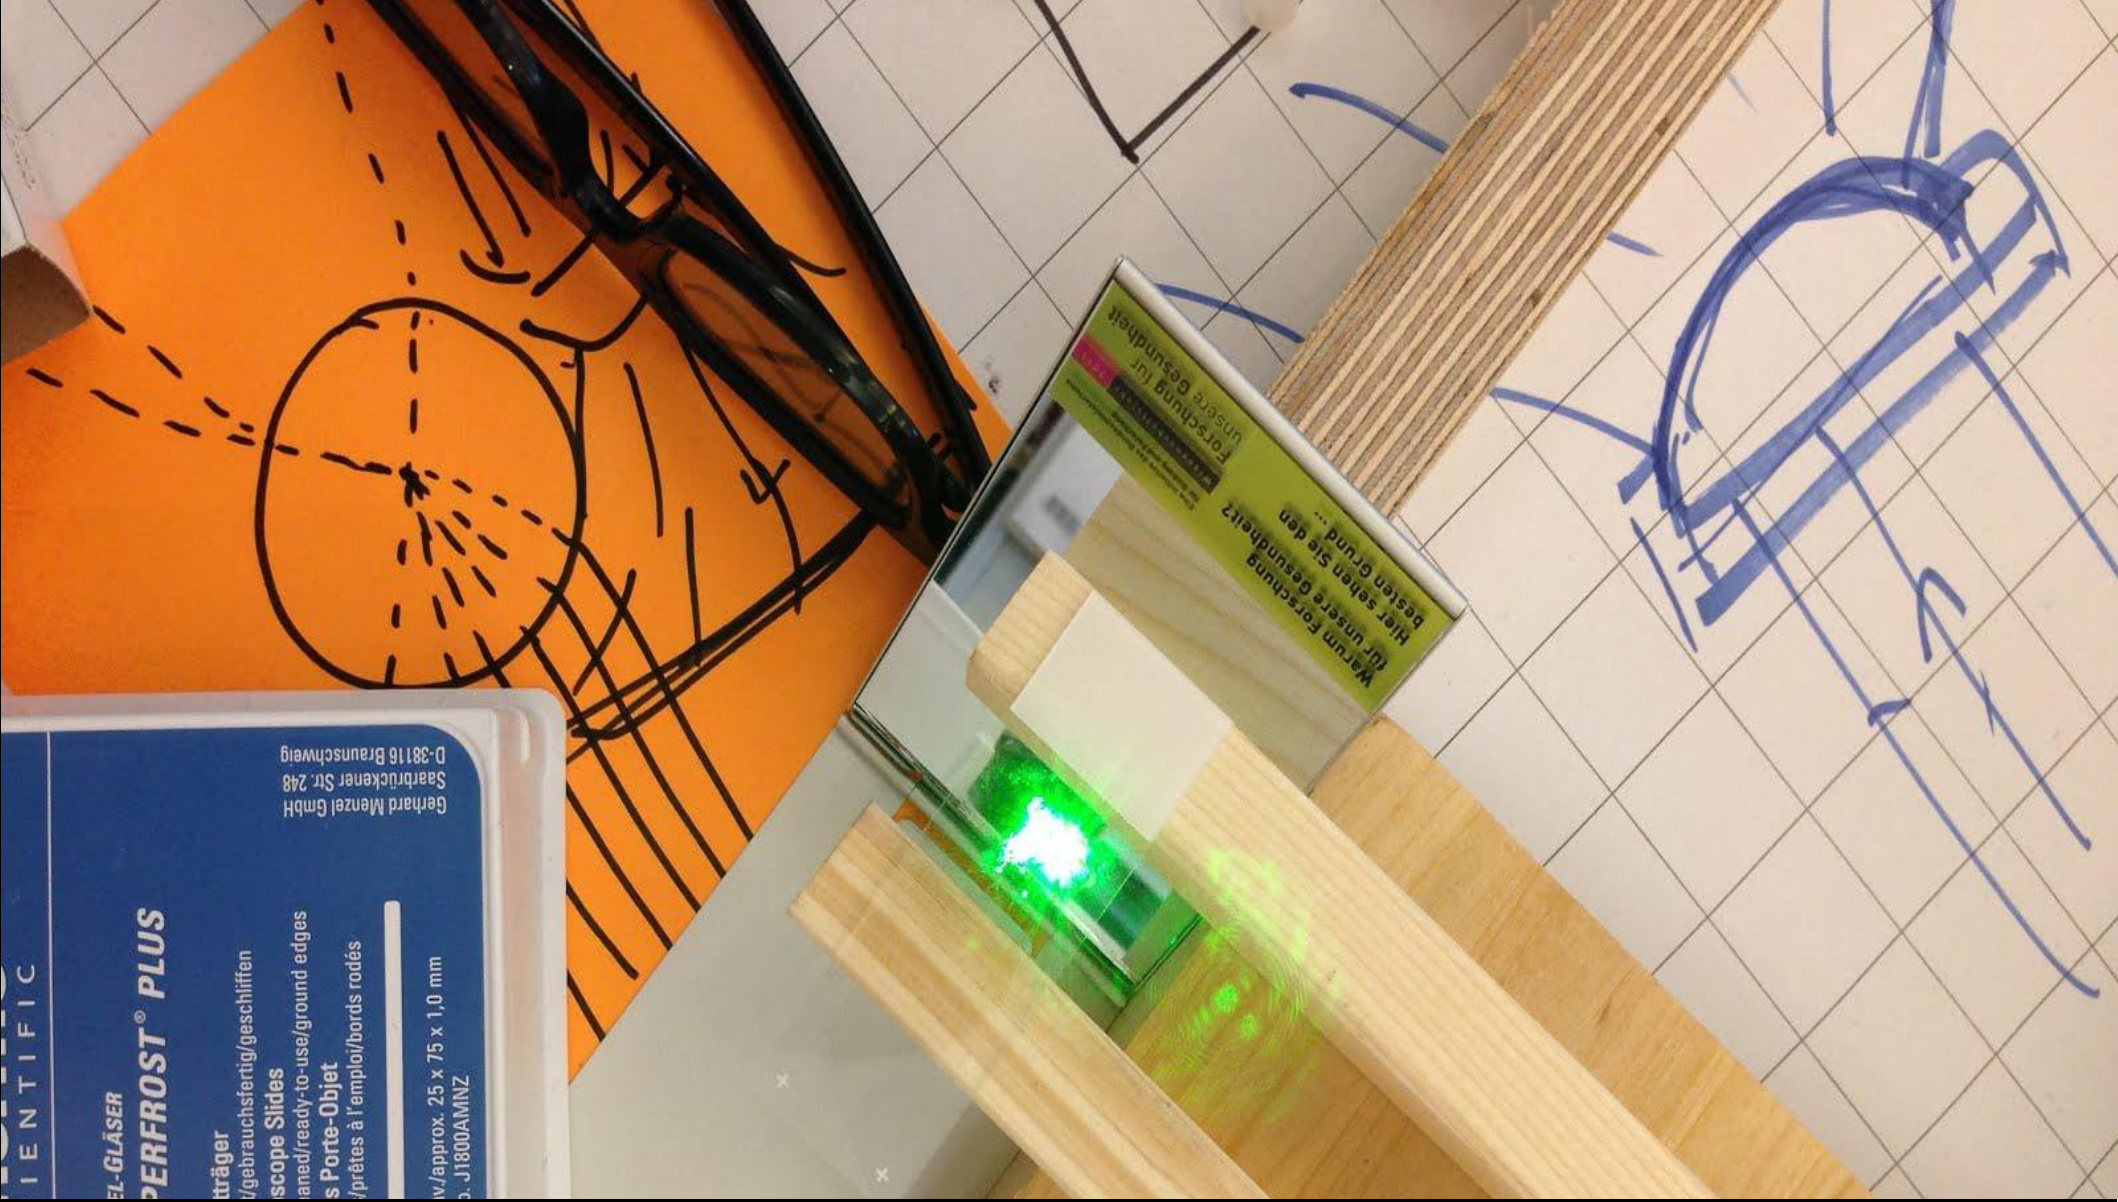

...and Protozoa

little single-celled animals

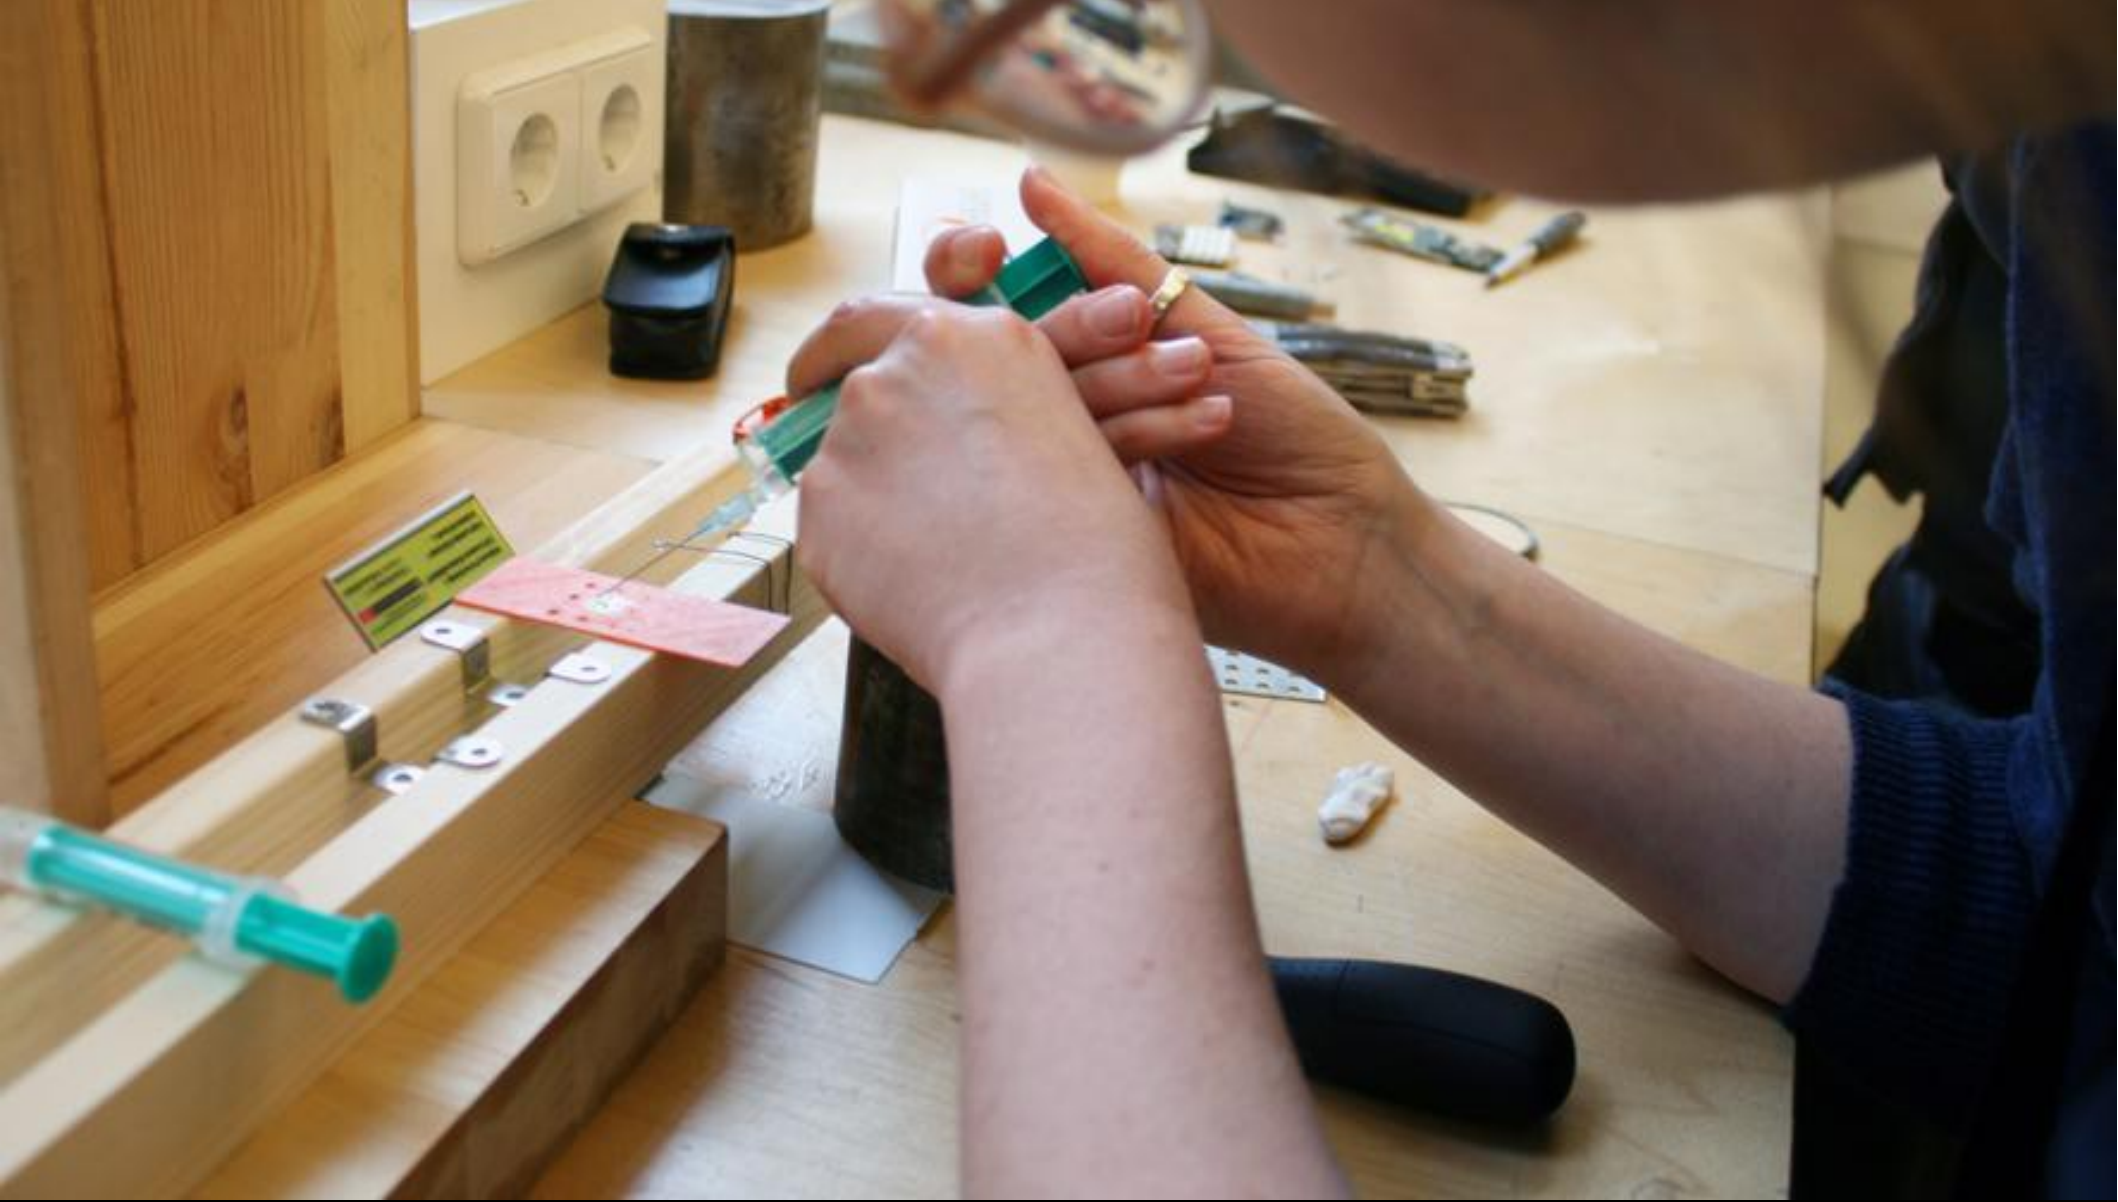

we just hacked a hack

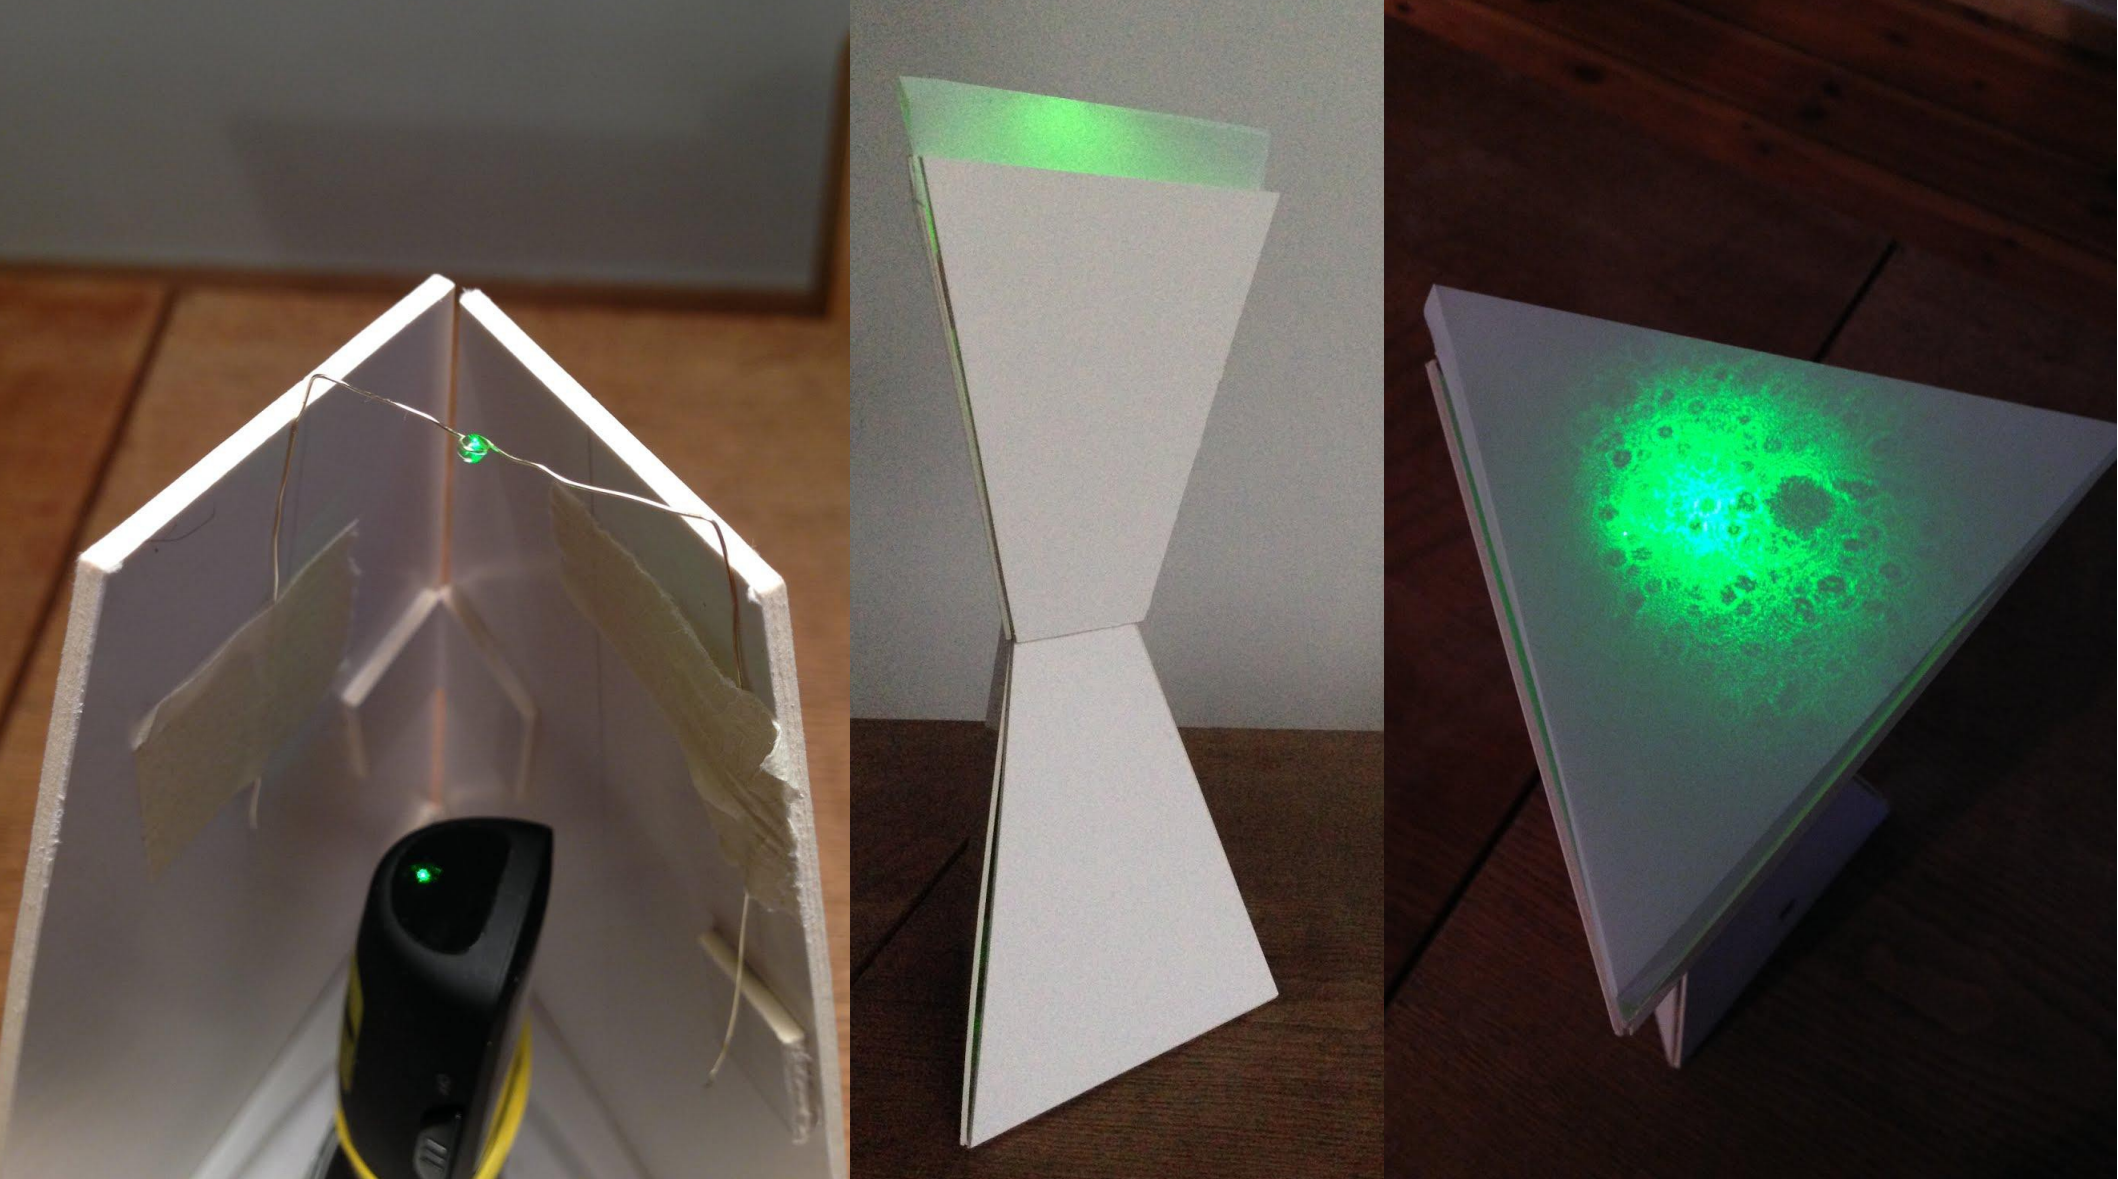

Goal: Design Object

You need the hanging drop

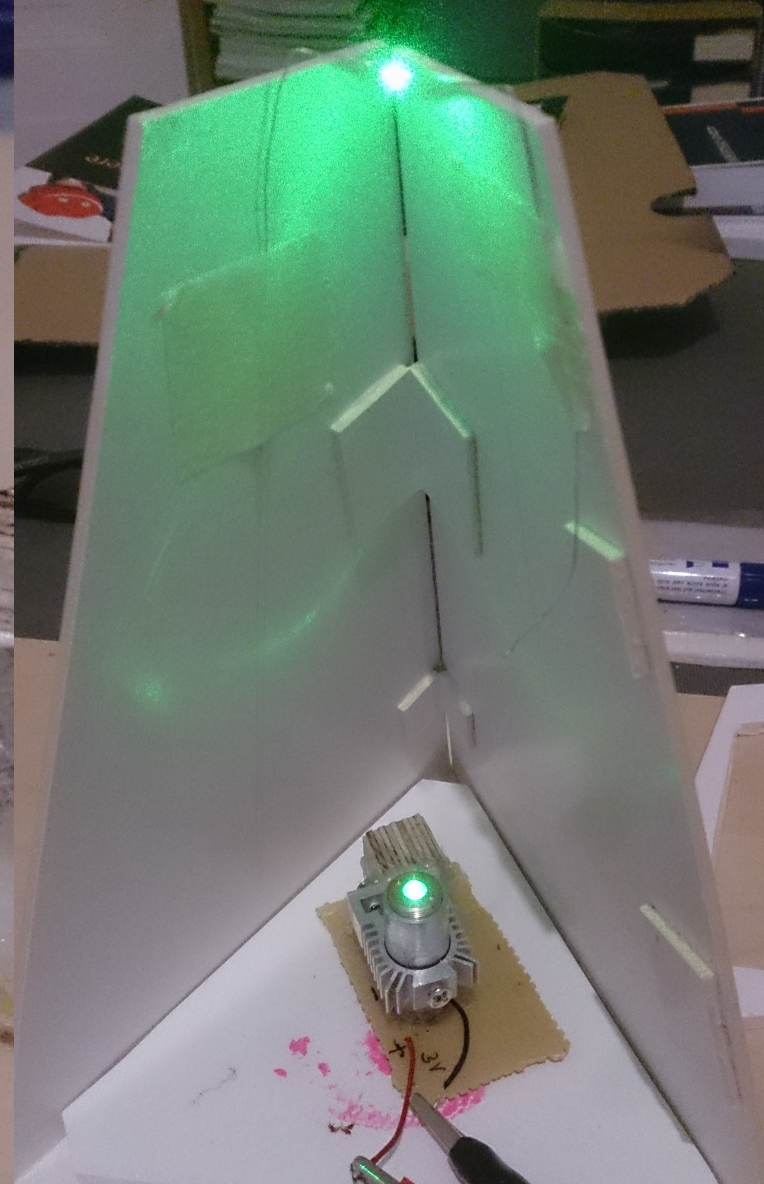

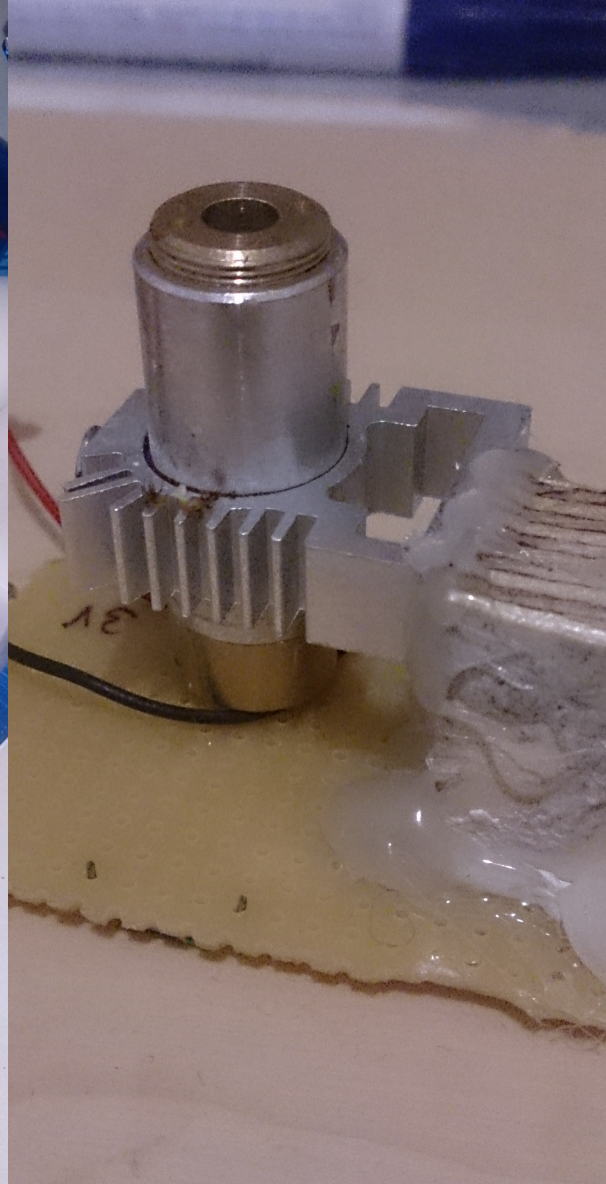

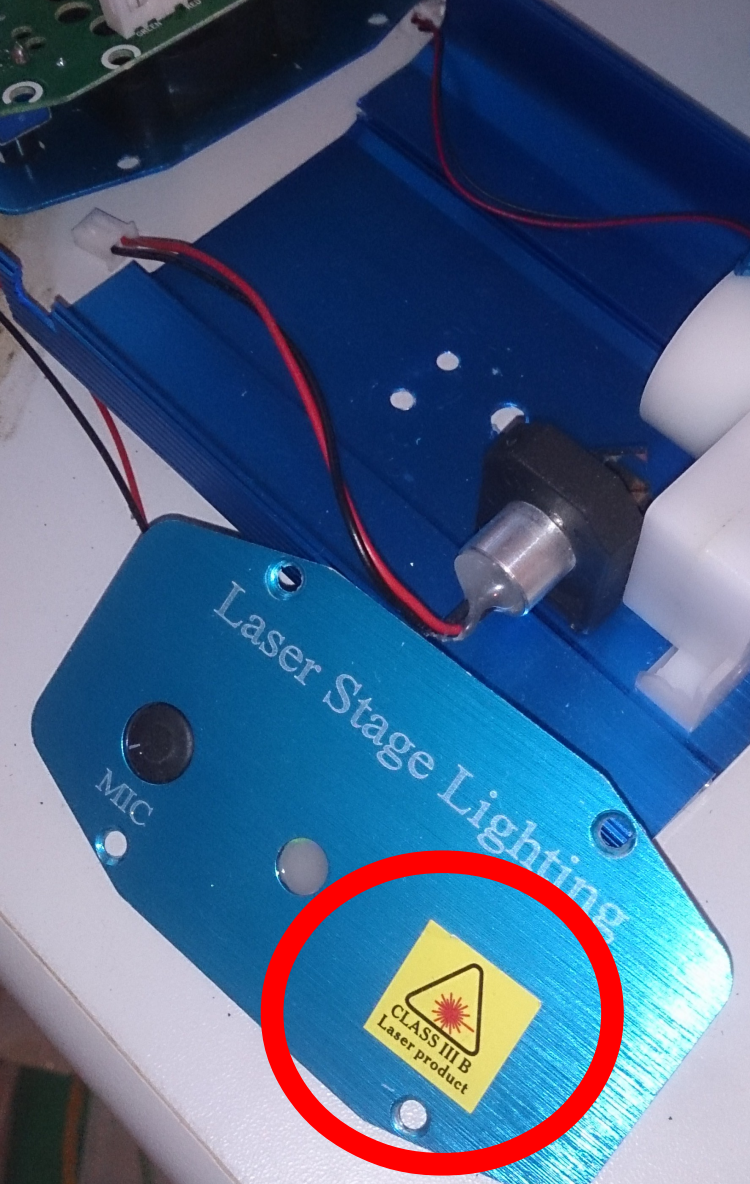

3D-Printing: not always!

Support of our Drop was the main work

Ask a Designer!

A simple wire loop and some folding...

Order crap from China

In a 17€ „Laser Stage Lighting“ we found something like 532nm@140mW

That's all folks!
